Members shall be entitled to take from the library one folio, or two quarto volumes, or four volumes of any lesser fold, with the plates belonging to the same, upon having them recorded by the Librarian, or Assistant Librarian, and promising to make good any damage they sustain, while in their possession, and to replace the same if lost, or pay the sum fixed by the Library Committee.

No person shall lend any book belonging to the Institute, excepting to a member, under a penalty of one dollar for every such offence.

The Library Committee may allow members to take more than the allotted number of books upon a written application, and may also permit other persons than members to use the Library, under such conditions as they may impose.

PREFACE.

But little of general interest during the past year can be added to that already heralded through the press. The growth of the city has been retarded somewhat through the late panic. Notwithstanding its general prostration, but a little while will have elapsed ere confidence is restored, and the usual busy hum will resound throughout the city

The most important event during the past year was the Exhibition of Newark Industries. The advantage to Newark as an advertising medium of its products is of no less importance than as a school of instruction for all classes of citizens, more especially the young, where they may study science and art, It is an educator of the people, and they will do well to foster it.

As regards this work which bears a name (Directory) of no small import, and the aversion many have to be recorded therein, induces us to again present a few of the difficulties encountered. that citizens may be informed and be led to assist in a reformation.

Extract from one, of the first Directories published in this City, *thirty-four* years ago, suggestive of the difficulties then contended with:

"There are various kinds of customers to please, and endeavors have been made to please all and not be offensive to either. There are a great many who no doubt will be surprised to find their names in the Directory, as they directed them to be left out, and for what reason it cannot be divined, without it is to screen them from taxes, or a constable. But suppose all names, who order it, should be left out, what kind of Directory would it be? To such the answer is, It is the business of the Directory to get names, and not leave them out."

So it is at the present day; and we might add to the above reasons family difficulties. There are many who positively refuse to give their names, not wishing them to appear before the Public, for reasons best known to themselves We would call attention of those who may discover the omission of any names, to the above, and not unfrequently do persons, to cover this desire, give wrong information. Every endeavor is made to attain reliability, for the benefit of the community at large, as well as for the Work, and we cordially invite any information tending to that end. There would be less room for errors if all classes would deem themselves equally alike *responsible* and desire to be recorded aright, as the Directory office is centrally located and accessible.

In the *Appendix*, pp 821 to 1027, will be found matters of interest connected with Newark, the Governments of the several surrounding Townships, pp 908 to 912; the State, p 865; and Federal Courts, p 861; also New York matters, p 920.

The *Business Directory* is added as usual, p 923. The *Advertisements* are paged, exhibiting to the citizens and strangers the whereabouts and facilities of those in business.

A full and complete *Index* to various matters and branches of business in front part of the Work

Holbrook's Map of Newark, similar to that accompanying this Work, may be found at the book stores, or at the *Directory office, No. 11 Mechanic Street.*

Annual Dividends.

Cash Assets, Jan'y 1, 1874, - $1,178,117.46

NOTICE OF DIVIDENDS.

The Board of Directors have declared a profit Dividend of

FIFTY (50) PER CENT.

to all parties insured on the Mutual plan in 1873, payable, as rebate on the renewal of the policy, or in cash within a year thereafter.

They have also declared a cash Dividend of

TEN (10) PER CENT.

to Scrip holders, payable on and after March 16th, 1874, and free from tax.

By resolution of the Board of Directors the Dividends on Mutual Premiums have been declared, this year, and will hereafter be declared

ANNUALLY.

This Company is *purely mutual*, there being no stockholders to control the business for their own interest and receive a share of the profits—all of which belong to the insured, who are not liable to be assessed for losses, this being a Company owned and managed by the insured for their own interest.

The Company issues Mutual, Stock and Perpetual Policies at as low rates as the high standing of the Company will permit.

Parties desiring Stock Policies can obtain them on the most advantageous terms.

It is believed, in reference to security and liberality to policy holders, that no Company offers equal inducements.

Registered Letters.—Valuable letters may be registered upon application at the office of mailing, to any part of the United States upon the payment of a registration fee of 8 cents in addition to the regular postage.

Letters or packages addressed to the United Kingdom may be registered upon pre payment of a fee of 8 cents in addition to the regular postage; excepting Canada which is 6 cents additional.

No registered letters will be delivered until the person authorized to receive shall have signed the necessary receipt therefor.

Money Orders on England, Ireland, Scotland, Wales and Switzland, not exceeding $10, 25 cents; over $10 and not exceeding $20, 50 cents; over $20 and not exceeding $30, 75 cents; over $30 and not exceeding $40, $1; over $40 and not exceeding $50, $1.25.

Post Money Orders, for sums not exceeding $50 each order, can be obtained at the principal post offices throughout the country. The use of these orders, by persons who desire to make remittances by mail, is far preferable to sending money, even when the letter containing it is registered. By the money order system, *absolute security* against loss is obtained. Money orders are good for one year from the date of issue. In case of their loss, no charge is made for the issue of duplicates. Persons sending money orders should be careful never to send them in a letter which contains the name of the person from whom they are sent. This is necessary in order to guard against loss in case the letter should fall into improper hands; money orders *never* being paid to any person who cannot tell the name of the party to whom they were issued.

As letters are frequently dropped in the letter boxes insufficiently paid, persons who are not certain in regard to weight, rates, etc., would do well to inquire of the Stamp Clerk before mailing them. If sent to the Dead Letter offices they are delayed two or three mails.

1. On the breaking out of a fire, notice should be immediately communicated to the nearest alarm box, keys of which are always in the hands of the police and responsible persons in the vicinity of boxes.

2. Key holders, upon the discovery or positive information of a fire, will unlock box, pull down the slide or hook once, and let go quick. This gives the desired alarm all over the city, repeating itself five times.

3. All persons giving the fire alarm are requested to remain by the box a moment, and if no clicking is heard in the box, pull again; if you still hear no clicking, go to the next nearest box and give the alarm from that.

4. Never signal for a fire seen at a distance; never touch the hook except to give the alarm of fire; be sure the box is locked before leaving it; give an alarm for no cause other than an actual fire; do not give an alarm for a chimney.

5. Owners and occupants of buildings are requested to inform themselves of the location of signal boxes near their property; also where the keys are kept. Be sure the alarm is properly given; one single stroke of the house gongs is not given for an alarm of fire.

6. Second alarm for the same fire can only be given by the Chief Engineer, or one of his assistants.

7. Alarms will be sounded upon the alarm bells thus: For Box Thirty-two, three strokes—1—1—1, and a pause, then two strokes—1—1, a longer pause and repeating. Alarms for other numbers are given in a like manner.

MARTIN BÄHLER, A. M.,
Rev. LOUIS H. BÄHLER, A. M., } **Principals.**

This is one of the most thorough classical schools in the country, combining all the excellencies of the European and American systems of instruction. Its aim is to give boys a thorough preparation for college, including of course, the English branches. One modern language must be pursued. The course extends through six years.

The system of instruction is entirely new and has never yet been attempted in this country. There is no "cramming," no burdening boys' memories with anything useless, nothing superficial. It is impossible to give full explanations here; we will only give the names of some of our patrons: Messrs. Hon. Charles L. C. Gifford, Wm. B. Mott, Daniel Dodd, Wm. R. Alling, Alexander Campbell, John E. Dix, Henry W. Duryee, John A. Gifford, Charles C. Hine, Wm. A. Howell, Wm. Jackson, (Belleville,) Wm. Rankin, Robert S. Swords, John P. Wakeman, Dr. Addison, W. W. Woodhull, Edward H. Wright, Charles E. Young, and others.

DURABLE & EFFICIENT.
ALL SIZES.
WORK WELL BY
HAND or HORSE POWER.

HEAVY BALANCE WHEEL
AND
GOOD MOMENTUM.

Machines
Both Fine and Coarse Cut.

These machines cut easier and faster than any other of like price, using same power, and cutting as short as this. The large sizes will cut faster than any other cutter, without regard to price. They are easier sharpened and repaired than any other self-feeding Feed Cutter, will generally cut well from 3 to 5 years without grinding, make a clean, uniform cut, and do not clog, (all others do); they cut stalks as easily as hay and straw.

All parts of the machines are easily and cheaply replaced by the farmer, and the knives and coppers are so made, that if they are ever broken or worn out, they can for a few cents each be duplicated and put on at home.

The Copper does not Dull the Knives, and is durable.
